**A. INTRODUCTION**

Throughout this Amendment these entities are referred to as follows:

Village of Perryville	=	Village
Alaska Native Tribal Health Consortium	=	ANTHC
Cooperative Project Agreement	=	CPA
Denali Commission	=	Commission

On Feb. 6, 2004, ANTHC and the Village of Perryville executed a CPA authorized by the Denali Commission to perform the design and the construction planning for a new health clinic in Perryville, Alaska. No construction was performed under this project phase. The project was funded with \$100,000; an ANTHC project management expense of \$49,750 was also provided. Funding was via Denali Commission Financial Assistance Award No. 0071-DC-2002-I24, Addendum A, dated December 2003.

On July 6, 2004, ANTHC and the Village of Perryville executed a CPA authorized by the Denali Commission to change the project management methodology. ANTHC's project management expense was consequently reduced \$22,000 and these funds were added to the scope of work. Denali Commission Financial Assistance Award No. 0071-DC-2002-I24, Addendum E, dated June 2004, directed these changes.

**B. REVISION OF PROJECT FUNDING**

The original scope of work was completed with \$17,704.68 remaining in the project budget. The project was then closed out, and per the 2002 Memorandum of Understanding Between the Denali Commission and the Alaska Native Tribal Health Consortium (cited in the original CPA), the remaining funds were returned to the Commission.

However, as the construction phase drew near, it was decided an archaeological survey and environmental review activities, totaling \$20,000, were needed. The project was re-opened, and these funds were provided via Denali Commission Financial Assistance Award No. 0100-DC-2003-I13, Amendment No. 4, dated March 2007.

Ultimately, an archaeological survey and environmental review activities were not needed.

Instead, the Commission identified, via Denali Commission Financial Assistance Award No. 0100-DC-2003-I13, Addendum I, dated April 2007, that the \$20,000 be used for preconstruction activities.

Project funding therefore totals \$152,045.32.

A revised cost estimate table is provided below.

Job Type	Scope of Work	Qty	Units	Unit Cost	Total Cost	Funding Sources	
						Denali FY02	Denali FY03
M-DS	Design new clinic	1	LS	104,295.32	104,295.32	104,295.32	
<b>Perryville Award</b>					<b>\$104,295.32</b>	<b>\$104,295.32</b>	
M-CB	ANTHC Support Services Charges				\$47,750.00	27,750.00	20,000.00
Total Award					\$152,045.32	\$132,045.32	\$20,000.00

This document constitutes Amendment No. 2 to the CPA to perform the design and the construction planning for a new health clinic in Perryville, Alaska. All other sections of the original CPA and/or Amendment No. 1 remain in effect as agreed upon and executed.

## MEMORANDUM

DATE: April 2007

FROM: Director, Central Engineering Services

SUBJECT: Village of Perryville – Environmental Review  
Project No. AN 04-G91, Amendment No. 2

TO: FOR THE RECORD

Federal funding for this project requires an environmental review in accordance with the National Environmental Policy Act (NEPA) and the National Historic Preservation Act (NHPA). The Alaska Native Tribal Health Consortium (ANTHC) has considered all potential environmental concerns (specific and cumulative effects) associated with the project in consultation with applicable federal, state, and local authorities. An environmental review was completed in January 2004 with respect to the proposed health facilities construction at Perryville, Alaska under Project No. AN 04-G91. This Amendment will not change the scope outlined in the original document. No additional environmental review is necessary at this time.

The ANTHC will revisit this environmental review to determine if potential environmental concerns have been addressed if the scope of work changes.
